NUMBER 11

NEVER was a people so lied to and deceived as were the people of this country relative to the League of Nations. The lie succeeded and the world is feeling the result—and paying, and will continue to pay until the truth forces itself upon their understanding.

Just mark our Republican tootists, as the days pass on and on, explain the increasing taxes, piling up and up, under the g. o. p. state administration. They will squirm and lie and lie and squirm again, holiness and goodness oozing all the while from every pore of their radiant hides. But your pocket-book will hark back and set them at naught.

The Supreme Court tells the g. o. p. leaders in Missouri that the lying declaration, "for the peace and welfare of the State," attached to an enactment does not make it immune from the referendum. It is one instance when a lie cannot be made to serve the purpose of the God-and-Morality crowd now in political control. This must seem singular to them since falsehood is their principal stock in trade.

It seems highly probable that the promise of tax reduction made so freely by Mr. Harding and other Republican spokesmen in the last campaign will apply only to persons whose incomes are in the millions or whose profits are so much in excess of normal as to be monopolistic. Other probabilities are an automobile flat tax of ten dollars, three-cent letter postage and heavily increased taxes on tobacco. The one certainty of the bill is that the average man will pay more and the favored few will pay less.

The special session of the Legislature adjourned last Wednesday, having cost the State \$121,000, which, added to the cost of the regular session, aggregates the ample sum of \$417,000 for seven months of Hyde's administration. That's pretty high; but good things, you know, always come high. Without generous expenditure how could the Republican legislators have provided their wives, their daughters, their sons, their sisters, their aunts and their cousins—enrolled as clerks and pages, etc.—in a manner befitting the party and dignity of the State? We must not grumble; just pay. Experience is a dear school, we are told; let us hope it has not lost its virtue of imparting knowledge to those who will learn in no other.

The Jefferson City correspondence to the St. Louis Globe-Democrat, under date of July 29, conveyed the following rather interesting news:

The special House Committee, which investigated the purchase of eighteen acres of land (for \$27,000) from W. M. Rowart for additional park site for Lincoln University, in a report which will be read in the House tomorrow, holds that the transaction was fraudulent and that Howard Cook, a Jefferson City banker, reaped a profit of \$9000 on a deal. State Auditor George E. Hackman, Republican, was declared to have been "grossly" negligent for paying the account before the appropriation had been released by Gov. Hyde. The committee said that "as to the value of the Rowart tract of eighteen acres there was some difference of opinion, but the preponderance of the testimony is to the effect that, taken as a whole, it is worth \$5000 per acre, while Rowart himself places it at \$10000 an acre."

The most surprising feature in connection with the transaction was the readiness with which Auditor Hackman audited the account and authorized its payment. For five years he has posed as a "watch-dog of the treasury," extremely technical and exacting. It is this case he seems to have slept on watch. Under stress of circumstance the Governor has ordered suit to be instituted against parties concerned in the deal and the courts will determine the ins and outs of the matter. "Let no guilty man escape," if guilt there be.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Bismarck Flour Mill Destroyed By Fire.

(Desloge Sun.)

The Bismarck Milling Co. flour mill located near the Missouri-Illinois depot in Bismarck was totally destroyed by fire last Saturday night. The flames were first discovered about 8:10 and the entire interior of the building was a mass of flames. The origin of the fire is unknown but we have heard the opinion advanced that it started from spontaneous

combustion caused by heavy grain storage.

Along with the building and all the machinery, about 9,000 bushels of wheat, a car load of corn and between 75 and 100 barrels of flour were destroyed. A carload of corn standing on the side track to be unloaded was saved by switching the car down the track a short distance. Bismarck has no water supply with which to fight fire but the Missouri Pacific equipment was employed to save surrounding property. We understand that the company carried only about \$7,000 insurance on the mill property and that it would cost about \$35,000 to replace the building and machinery at present market values. Their loss in grain was about \$3,000. The company is incorporated and Wm. H. Gudger of Fredericktown is president of the company. O. W. Ramsey, of the Bank of Bismarck, is also interested in the concern.

Clothes pressed and cleaned. Satisfaction guaranteed. Phone 182. GEO. TULLOCK.

Foolish Court Sentence.

One of the most frankly foolish and impossible sentences on record was that imposed upon a child murderer in Germany, who was tried at Griefswald in 1906. He was sentenced to be beheaded twice, then to receive two years' imprisonment, and finally to suffer the loss of all his political rights.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's

BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."
